Approved
May 5, 2025
By Brad + Chad*

Meeting began: 7:04 p.m.

January Meeting Minutes Approved

Discussions:

Grant Street Park

- The town park, referred to as Grant Street Park, because of the name of the street it is located on, needs to have a name. The suggestion of Whitaker Park, in memory of Rawlins Whitaker, was brought forward. Brad will check with his children, David & Susan to see if they would accept this renaming nomination.
- The first round of the MiBor Grant is due in March and the park board decided to apply for this grant to acquire the commercial grade sunshade sails for the Grant Street Park.
- Lucas Excavating/Earthworks plans to seed and straw the areas of the park end of March beginning of April, weather depending. He is also aware that we would like for Lucas Excavating to remove the tall tower.
- Discussion that there needs to be a commercial grade dusk to dawn LED light shining near the playground equipment so that the Morgantown Police can monitor the area. The approximate cost with mounting set is just under \$300
- Clinton Chapman, representing the Morgantown Fire Department asked if the Sycamore Street Park could be utilized for the annual Easter Egg Hunt this April. Permission Granted.
- The newest DNR Grant Application/Information Packet is still not available to view.
- Meeting Adjourned 7:56 p.m.
